Spruce – 155	Woodrow Wilson – 91
Hood – 69	Comstock – 89
Greiner – 5	Long – 99

Total Students: 712

If you receive an email that creates a concern for you, of any type, please let your school coordinator know so your concern can be appropriately and quickly addressed.

What's the holdup?

Due to concerns by DISD teachers and the DISD's mentoring leadership team, we have agreed with administration to introduce a mandatory Parental Release before students may access the internet to email their mentors through our program. Due to the inherent risks related to accessing the internet by children, and in order to protect both mentors and mentees, this delay is necessary.

We are working hard to get everyone communicating and we are sorry for the delay. Many of our schools have finalized the process and have started emailing. These are: Samuell, Greiner, Comstock, Molina, Seagoville, and Woodrow Wilson. We will alert you when the remaining schools have complied with this requirement.
